

Appl. No. 10/784,381

Correll - Amdt. dated 6/3/04

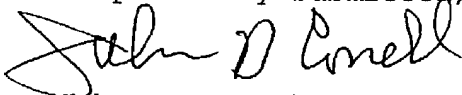

REMARKS/ARGUMENTS

5 The insertion of the additional language into
claims 11-14 is for the purpose of more clearly
defining the invention and making the claim language
easier to read.

10 The insertion of the word "maximum" at two
spots in claim 16 is for the purpose of correcting
an oversight and, thereby, clearly defining the
invention and providing correct antecedent language
for the reference to a "predetermined maximum height
of at least one of the rear wall and the left and
right side wall panels" which is found in the last
15 section of the claim.

Respectfully submitted,
